

MD MEHRAB HOSSAIN

WEB DEVELOPER

Dhaka, Bangladesh | 01872112223 | mehrabhossain7102@gmail.com

Portfolio: minhazexo.vercel.app | GitHub: github.com/minhazexo

PROFESSIONAL SUMMARY

Web Developer experienced in building responsive and interactive web applications using modern web technologies. Skilled in JavaScript, TypeScript, React.js, Next.js and Tailwind CSS, with hands-on experience in e-commerce, API integration, image processing and interactive web applications. Focused on writing clean, reusable code and building practical solutions.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS

Backend & Database: Node.js, REST APIs, Supabase, SQL

Programming: JavaScript, TypeScript, PHP

Tools: Git, GitHub, Bun, VS Code, Vercel

Core: Responsive Design, API Integration, Authentication, CRUD, Reusable Components

SELECTED PROJECTS

GadgetWallet — E-commerce Platform

- Built a responsive consumer electronics e-commerce application.
- Implemented product management, product details, cart, user profiles and admin functionality.

ImageTools — Image Processing Platform

- Developed a privacy-focused web application for image compression, resizing, conversion and editing.
- Implemented browser-based image processing for efficient workflows.

Black Hole Simulation — Interactive Physics Simulation

- Built an interactive black-hole visualization based on the Kerr metric.
- Implemented gravitational lensing, photon-ring and accretion-disk visualization with real-time rendering.

SkyLens — Weather Dashboard

- Built a responsive weather application with location-based weather data and hourly/7-day forecasts.
- Added weather metrics, interactive 3D globe visualization and location features.

Developer Portfolio

- Developed a responsive portfolio website showcasing projects, technical skills and development experience.
- Live: minhazexo.vercel.app

EXPERIENCE

Web Developer — Personal & Freelance Projects

- Develop responsive websites and web applications using modern JavaScript technologies.
- Integrate APIs, authentication and backend services.
- Build reusable components and maintain scalable project structures.

Joint Organizing Secretary — Government Bangla College Science Club

- Assisted in organizing events, coordinating members and managing club activities.
- Collaborated with team members on planning and executing organizational initiatives.

Joint Organizing Secretary — Save the Future Foundation

- Supported organizational activities, event coordination and team collaboration.
- Participated in planning and executing organizational initiatives.
